### Communications and Management Analysis

Do you want to find out how to save more time, cut costs and increase efficiencies within your school communications and reporting? Groupcall helps schools communicate and engage with parents, students and staff via their award-winning parental communication product called Messenger and with registration, reporting and analysis through their Emerge app.

- Dramatically cut down time spent on the phone and with it, the cost of calls, sometimes by thousands of pounds a year. Also, reduce the time and money spent on printing and postage with electronic newsletters.
- Improve the efficiency of registration by taking registration in approximately 30 seconds with Emerge. The app is also completely mobile, registration can be taken from anywhere, even without Wi-Fi coverage.

### Parents' Evenings

Save time, money and effort in getting Parents' Evenings up and running. NetMedia's Parents' Evenings Booking System is the UK's original system, enabling parents, teachers and school business managers to set up parents' evenings in minutes.

- Empower your parents, enabling them to log in and book their own appointments
- Free up teachers time, by allowing them to change their schedule timeline, make appointments, run reports and print off schedules with notes
- 95% of UK MIS' integrate through 1 click upload integration

## SCHOOLS TECHNOLOGY ROADSHOW

INTRODUCING TECHNOLOGY INNOVATION TO YOUR SCHOOL

### Register Today

Wednesday 25th November 2015

[schoolstechnologyroadshow.eventbrite.co.uk](http://schoolstechnologyroadshow.eventbrite.co.uk)

**Chulmleigh Community College**  
Chulmleigh  
Devon  
EX18 7AA

[www.chulmleigh.devon.sch.uk](http://www.chulmleigh.devon.sch.uk)

8.30am – 10.50am  
(Tea & coffee included)

### Parent Paperwork

Cut out book bags, standing at the school gate with photocopied flyers and the stress of chasing parents – use online forms and surveys instead! Parents are sent an email with a link, they click the link and a secure web page form opens for them to complete and submit. Parents do not need to register, set up an account or install any apps.

- Staff can create and send online forms to 10 parents or 5,000 parents in a matter of minutes.
- There's no chance for an online form to be 'lost'; automatic reminders prompt parents to return their forms on time.
- 60% of parents return online forms within 24 hours.

For more information, please call **020 8506 6100**
